ICON IDEA

RESTAURANT

I haven't really been able to come up with one idea to settle on for icons. I always have so many ideas that it's hard to concentrate on one and not be copying someone else's idea. I started with an icon to clip the symbols in each icon. I made them color but not completely set on that.

FINAL V1

Based on feedback I darkened and thickened the strokes on the icons. I also added a box around the icons. I'm not 100% sure on that design, but I feel it works.
