Jewelry Magazine

Research

Jewelry has been worn for 25,000 years, or at least that is when the earliest findings are. It is something that so many people wear, for decoration or spiritual reasons. It can show rank or privilege. Some people wear the finest and most expensive gems to show power. Cultures throughout time use jewelry for spiritual reasons, to help with healing or just ward off bad luck or spirits. I have always been fascinated by gemstones and spiritual properties people feel they have. In Wicca they have different ways to use them, bring good dreams, help sleep, help with personal wellbeing. Jewelry is something that stands the test of time, seeing how we have perfectly preserved pieces from Egyptian pharaohs.

Strategy

My idea for the publication is to highlight jewelry designs but also give background into the spiritual and historical insights of what using specific gems stones mean. I find that sometimes, when I know the spiritual properties of certain stones in jewelry, I end up liking the piece more. Even if I don't believe in the ideas it gives more meaning to the creation. I also create jewelry so I will be taking pictures of mine and some other pieces I have that are very interesting or creative. For my articles I want to highlight a designer and also have an a more in depth look into meanings certain stones in jewelry. This would be more focused on hand-made jewelry and semi-precious stone jewelry than high end expensive gemstone jewelry. I have been unsure of what to call the magazine, but I've been working on a logo for "Spiritual Bijoux". I feel that encompasses what I want the magazine to be about.

ALENA MACK

JEWELRY DESIGNER AND OWNER
OF BIG FLAT CREATIONS

EMBRACED BY NATURE

Alena has always loved creating hand-made gifts. When she fell in love with jewelry she had the idea to start Big Flat Creations.

"I fell in love with the textures and pliability of the various metals, I fell in love with the richness of copper."

She creates earrings and necklaces with various metals, gems, and other items from nature. Earrings that use semi precious stones and combines them with beautiful pieces of wood, or adding hand made paper to copper metal. Such as these butterfly earrings.

Many art galleries in Wyoming and Montana display and sell her creations. I found her jewelry through an art gallery in Viroqua, WI, VIVA Gallery. My mother has pottery on display and for sale and saw her art and bought me two pairs of earrings for Christmas. I instantly fell in love with them. I know I will definitely be shopping for her creations again.

HERE AT BIG FLAT CREATIONS, I CRAFT GORGEOUS, BOLD JEWELRY IN A UNIQUE, YOUTHFUL STYLE. I ENJOY PLAYING WITH THE PRODUCTS OF NATURE BOTH WITHIN MY JEWELRY AND TO GARNER INSPIRATION FOR PIECES.

OF BIG FLAT CREATIONS

HERE AT BIG FLAT CREATIONS, I CRAFT GORGEOUS, BOLD JEWELRY IN A UNIQUE, YOUTHFUL STYLE. I ENJOY PLAYING WITH THE PRODUCTS OF NATURE BOTH WITHIN MY JEWELRY AND TO GARNER INSPIRATION FOR PIECES.

- ALENA MACK

EMBRACED BY NATURE

Alena has always loved creating hand-made gifts. When she fell in love with jewelry she had the idea to start Big Flat Creations.

"I fell in love with the textures and pliability of the various metals, I fell in love with the richness of copper."

She creates earrings and necklaces with various metals, gems, and other items from nature. Earrings that use semi precious stones and combines them with beautiful pieces of wood, or adding hand made paper to copper metal. Such as these butterfly earrings.

Many art galleries in Wyoming and Montana display and sell her creations. I found her jewelry through an art gallery in Viroqua, WI, VIVA Gallery. My mother has pottery on display and for sale and saw her art and bought me two pairs of earrings for Christmas. I instantly fell in love with them. I know I will definitely be shopping for her creations again.

Will come up with more text to put here.

6 BUTTERFLY WINDSONG WITH PURPLE FRESHWATER PEARLS

WHAT BUTTERFLIES SYMBOLIZE

Butterflies symbolize transformation. The journey of a caterpillar to form a cocoon to transform into a beautiful butterfly. The life cycle of transformation. Butterflies help us look inward and ponder and reflect on self.

Butterflies mean different things in different cultures. Various Native American tribes they can represent resurrection and miracle transformations, or a symbol of joy or communicating with loved ones. In American culture it represents hope and positivity. In Celtic culture it was a symbol of the soul and rebirth, giving one a second chance. Some believe that in death the butterfly comes down and consumes the soul and carries it to the beyond. Continuing the life cycle beyond death.

“WE CAN NEVER OBTAIN PEACE IN THE OUTER WORLD UNTIL WE MAKE PEACE WITH OURSELVES”

-Dalai Lama

Different colored butterflies can symbolize different things. Yellow butterflies can symbolize hope, black butterflies symbolize illness, and white ones are luck. I like to believe when a butterfly lands on you it will bring you good luck.

WHAT AMETHYSTS & PEARLS SYMBOLIZE

Amethyst is a semi precious stone that is part of the hexagonal crystal system. It is a type of purple quartz with shades of violet. It is a stone that can be found all over the world.

Amethyst is associated with spiritual healing, calmness, and wisdom. It also represents the third-eye and crown chakra, creating a bridge to the divine. It brings a sense of crystal clear clarity and with deep contemplation you can get a sense of control over your life.

There are lots of things that Amethyst can help with, physical, spiritual, and emotional. Amethyst is also the birthstone for the zodiac sign of Pisces.

Pearls are thought of in many cultures to be the tears of mythical creatures, such as mermaids, nymphs, angels, or even the gods' tears. Other cultures believe they are created by a rainbow after a storm. The Chinese culture believes black pearls are formed by a dragon, symbolizing wisdom.

Spiritually, pearls offer protection, wisdom, and a calming balance to your karma. Generally most cultures believe it gives the wearer loyalty, generosity, integrity, and purity.

Even though there is a general symbolism to pearls, the various colors have their own uniqueness.

So many people have a quest to find "inner peace" at some point. What does that mean? Inner Peace is; a deliberate state of psychological or spiritual calm despite the potential presence of stressors.

"A STATE OF
CONSCIOUSNESS OR
ENLIGHTENMENT"

Stress is part of our daily life and eventually brings you down. It's hard to get out of the mentality of worrying about everything. In this article you will find just some of the gem stones that can help you on your path to inner peace.

FIND INNER PEACE

THESE GEM STONES CAN HELP

There are many things that you need to address when you want to help bring peace into your mind and your soul.

When your soul is in chaos it affects everything in your life. Your emotions can be out of whack creating more stress and worry. That boosts anxiety and will bring your self-confidence down. Everyone needs help at some point.

"WE SEEK PEACE,
KNOWING THAT
PEACE IS THE CLIMATE
OF FREEDOM."

-Dwight D. Eisenhower

PEACEFUL STONES

These gem stones can help you on your path to inner peace.

MOONSTONE

CALMS EMOTIONS, STRESS RELIEF

Moonstone is part of the feldspar mineral family. It does come in an array of various colors though most people recognize a white stone with pearly iridescence. Some of the best moonstones can be found in India and Sri Lanka. Sri Lanka is where you can find the rare blue moonstone.

Moonstone is my favorite of all semi precious stones. It is something that helps with feminine energy and perhaps that's why I enjoy it.

Moonstone has symbolism of compassion and empathy, enhanced psychic abilities. This is something that can aid you to the path of enlightenment, getting in touch with your psychic abilities. Emanating compassion and empathy is something that is needed in the journey.

10

UNAKITE

GROUNDING, BALANCE

Unakite is a true rock, a composite material made up of multiple other stones. It is recognized by the mix of green and pink in the stone. It got its name because it was first discovered in the Unakas mountains in North Carolina.

Unakite represents the heart of the chakra. It is a stone that helps ground you. Unakite can help balance your emotions, mentally and spiritually. The heart chakra is the center of compassion, empathy, love, and forgiveness.

Balancing your emotions is something that is difficult to learn. Unakite encourages tolerance and gentleness which can help you change the way you react to certain situations.

GREEN AVENTURINE

EMOTIONAL TRANQUILITY

Green aventurine is part of the quartz family. Aventurine can come in multiple colors however the green color comes from tiny Fuchsite particles in the stone.

JEWELRY DESIGNER AND OWNER
OF BIG FLAT CREATIONS

EMBRACED BY NATURE

Alena has always loved creating hand-made gifts. When she fell in love with jewelry she had the idea to start Big Flat Creations.

"I FELL IN LOVE WITH THE TEXTURES AND PLIABILITY OF THE VARIOUS METALS, I FELL IN LOVE WITH THE RICHNESS OF COPPER."

She creates earrings and necklaces with various metals, gems, and other items from nature. Earrings that use semi

precious stones and combines them with beautiful pieces of wood, or adding hand made paper to copper metal. Such as these butterfly earrings.

Many art galleries in Wyoming and Montana display and sell her creations. I found her jewelry through an art gallery in Viroqua, WI, VIVA Gallery. My mother has pottery on display

"HERE AT BIG FLAT CREATIONS, I CRAFT GORGEOUS, BOLD JEWELRY IN A UNIQUE, YOUTHFUL STYLE. I ENJOY PLAYING WITH THE PRODUCTS OF NATURE BOTH WITHIN MY JEWELRY AND TO GARNER INSPIRATION FOR PIECES."

Native American legend has it that, if we capture a butterfly and whisper a wish to her, she will carry it to the Great Spirit. By setting the butterfly free, we show respect for the balance of nature, and the wish will surely be granted.
